Profile

I've been learning new skills throughout my whole career and I'm always looking to broaden my experience. Currently purchasing BSc(Hons) Degree and I'm loving every minute of it. My hobbies include playing video games, learning new outcomes, and writing. In the future, I'd love to become an IT Specialist, and I'm looking forward to seeing how different technologies come together.

Website SEO Tool Project Web SEO Analyzing Tool using PHP Script	Dec 2021 – present
--	--------------------

Web 3.0 Uber Blockchain Web App

Oct 2021 – Feb 2022

This uber blockchain web3.0 web app is a concept of an Ethereum-based blockchain web app. It can be used for all of your transportation needs, requests and track your driver as they arrive, and pay with Ethereum with a metamask wallet. This is a cool web3.0 web app concept authenticating with metamask.
